

Grease Control Sachets

Fats, Oils and Greases in Fat Traps and Drain Lines

An environmentally biologically active product that keeps drain lines and fat traps free running.

Designed for ease of use and for the smaller catering application, Grease Control quickly digests Fats, Oils and Greases (FOG), reducing malodours and so reducing the need to manually clean traps.

KEY PROPERTIES

A blend of powerful bacteria powders selected to digest FOG in drain lines and fat traps. Contains only Type one bacteria, i.e. safe for long term exposure.

- Biological
- Labour saving
- Removes Malodours

APPROVALS

- German UBA (3406-0034) – Environmentally acceptable chemical.
- Approved by the Vegetarian Society

TYPICAL USES

For the maintenance of free running drain lines and fat traps.

APPLICATION

Dissolve one sachet in a 10 litre bucket of warm water and pour down drain lines weekly.

TECHNICAL DATA

Appearance	Free flowing powder
pH	7.5
Bulk Density	0.9
Bacterial Count	$> 1.0 \times 10^7$ cfu/ml

PACKAGING

Tubs of 12 & 24 x 200g sachets

SAFE HANDLING AND STORAGE

Store in original containers off the ground and out of direct sunlight. Avoid extremes of temperature.

Shelf life: 2 years from Date of Manufacture.

For guidance on handling and disposal see Material Safety Data Sheet.
