
SAFETY DATA SHEET

A. Identification of the Substance / Preparation and of the Company Undertaking

Product Name: SpEC Integral Liquid Waterproofer
Company: Speciality Engineering Chemicals
Address: P.O Box No. 61347, Dubai, U.A.E
Telephone: +9714-8836662 Facsimile: +9714-8837696
E-mail: info@spec.ae Web site: www.spec.ws

B. Composition / Information on Ingredients

Product Type: Aqueous solution based on organic carboxylate, wood resin derivative.

C. Hazards Identification

Main Hazards: Eye contacts ingestion, skin contact.

D. First Aid Measures

Eyes: Flush with water for at least 15 minutes. Wash copiously with clean water. Seek medical advice/attention.
Skin: Wash affected area immediately with soap and water. If material has dried on skin, use propriety skin cleansers, followed by soap and water.
Inhalation: No hazard. Keep patient at rest and seek immediate medical advice. No hazard.
Ingestion: If swallowed, obtain medical attention. Do not induce vomiting. Give water to drink and obtain medical attention.

E. Fire Fighting Measures

Suitable Extinguishing Media: Non-flammable

F. Accidental Release Measures

After spillage/leakage/gas leakage

Major Spills: Pump into suitable container and re-use if possible.

Minor Spills: Absorb with suitable material e.g. sand and dispose according to section M.

G. Handling and Storage

Storage: Technical protective measures: Protect against freezing.

H. Exposure Controls / Personal Protection

OES / OEL:	Not assigned
Personal Protective Equipment:	-
Respiratory Protection:	-
Eyes Protection:	Goggles
Hand Protection:	Rubber gloves
Other:	Observe usual procedures for handling chemicals.
Industrial Hygiene:	Wash hands before breaks and after finishing work. Do not eat drink or smoke at work place.

I. Physical and Chemical Properties

Physical State:	Light brown coloured liquid
Colour:	Light brown
Odour:	Wood resin
Change in Physical State:	-
Boiling Point/Range:	Not relevant
Flash Point:	N/A
Solubility:	-
Chloride content:	NIL
Density, g/cm ³ °C:	Approx 1.0
Flammability:	Non-flammable
pH:	7 – 9

J. Stability and Reactivity

Conditions to Avoid:	Frost, conditions at or near 100°C
Hazardous Decomposition Products:	None
Hazardous Reactions:	None know

K. Toxicological Information

Information Toxicity General:	No data
Acute Oral Toxicity (LD50, rat):	-
Skin Irritant:	-
Eye Irritation:	-
Other Information:	-

L. Ecological Information

Persistence and Degradation: No information available.
Bio-accumulation Potential: No information available.
Other Information: Spillage into watercourses may be harmful to aquatic organisms.

M. Disposal Considerations

Recommendations on Product Disposal: Dispose of any waste material in accordance with local waste disposal regulations.

N. Transport Information

The material is classified as non-hazardous.

O. Regulatory Information

Not classified as hazardous for supply.
No statutory label required.

P. Other Information

Advice to users: Irritating to eyes and skin. Avoid contact if possible. Keep out of reach of children.
